

NOVOMATIC Hungária Kft. - Veszékény - is a subsidiary of NOVOMATIC AG. Its scope of activity is cable harness production, assembly and service for automatic components.

Aim: to gain customer satisfaction with its products and services, to meet their expectations, always keeping environmental awareness in mind. NOVOMATIC Hungária Kft. is committed to environmental protection.

We want to achieve our goals in the following way:

- In recognition of the importance of environmental protection and sustainable development, we operate an environmentally-focused management system that meets the requirements of the ISO 14001:2015 standard, which we continuously develop, thereby increasing our environmental performance;
- Harmonise the management system with the company's strategic direction;
- Provide continuous training and education for employees in order to prevent environmental pollution, preserve natural resources, improve the management system, and increase the environmental awareness of employees;
- In order to avoid environmental pollution, we analyse both direct and indirect effects that may affect our activities;
- Minimize the usage of natural resources, energy, and raw materials, we strive to avoid the generation of waste and promote recycling, if this is possible;
- We are committed to mitigating climate change, protecting biodiversity and ecosystems;
- We ensure continuous compliance with the relevant legislation and other obligations, the concluded agreements;
- In order to reduce its environmental effects and risks and increase our opportunities, we set goals related to environmental protection;
- Monitoring the environmental performance of subcontractors and suppliers;
- Maintain open communication with customers, suppliers, authorities and stakeholders in order to improve environmental protection
- We consider it important to carry out regular external and internal audits, to evaluate the fulfilment of compliance obligations, to detect, eliminate and prevent environmental hazards and effects early;

Environmental Policy

- We strive to replace, reuse and recycle our environmentally harmful materials;
- We strive to replace dangerous substances and technologies with less dangerous ones and reduce their risks.
- The basis for the construction and proper operation of the environment-oriented management system is the commitment, expertise, and purposeful cooperation of our management and colleagues.

All those who work for NOVOMATIC Hungária Kft. or with NOVOMATIC Hungária Kft. must participate in the achievement of the goals of the environment-oriented management system according to their duties and responsibilities. Therefore, we require that our employees and third parties who cooperate with us in the context of our business conduct their activities in accordance with this policy.

We ensure that this policy is documented, public and accessible to our employees and all interested parties.
